

2017 SUMMER CAMP

J GLENN PHOTOGRAPHY

Summertime is a wonderful opportunity for children to expand and grow. Callanwolde's summer camps will offer weeks of fun, age-appropriate and worthwhile lessons in visual art, music, drama, writing and movement. Our experienced artist/teachers and great projects (many completely new or re-imagined for 2017!) make Callanwolde's summer camps an excellent experience!

Hours and Half-Day Camps

Please refer to each camp description for hours. Half-day camp sessions can be combined to create full-day camp; these campers have supervised lunch at Callanwolde. All camp lunches are refrigerated.

Before and After Camp

Drop-off begins at 8:30, with a supervised activity for children who arrive between 8:30 - 9:00 a.m. Camps begin at 9:00 a.m., with the exception of some teen camps and dance camps.

For camps that begin after 9:00 a.m. there is no early morning drop off.

After camp is a structured supervised time with a rotating schedule of activities for a nominal weekly fee. After camp runs from 4:00 p.m. to 5:30 p.m. or 3:30 - 5:30 p.m. for campers enrolled in dance camps that end at 3:30 p.m. There is no after-camp for Teens. Campers picked up after 5:30 will be required to pay a late fee of \$1/minute in cash.

Teen Summer Studio - Darkroom Photography Intensive

Learn the basics of photography and traditional darkroom printing. This class covers basic photographic techniques—exposure, development, and printing—as well as the history and aesthetics of photography. Emphasis is on black-and-white film photography; chemical darkroom work is involved. The class is intended to help students become comfortable and confident in taking pictures beyond typical snap shots. Sessions include lectures, demonstrations, critiques, and plenty of darkroom time. Students who have taken previous darkroom classes or who take multiple sessions will be directed toward more advanced processes. Students will need an SLR camera and film, Callanwolde supplies all paper and darkroom chemicals. Min. 8, Max. 10

Teen Summer Studio - Digital Photography and Adobe Lightroom

In this class, students examine the essential tools, materials, and techniques for the fundamentals of digital photography, including cameras, lenses, exposure, resolution, storage, memory, and presentation. They learn to apply basic principles of photographic composition to assess the positive and negative attributes of photographs and then learn to apply those principles to produce their own visually compelling images. Students who have taken previous darkroom classes or who take multiple sessions will be directed toward more advanced processes. Adobe Lightroom is a program that approximates the darkroom experience. Students will need their own DSLR (Digital SLR) camera and laptop.
